

Assessment of Community Based Platform-HBNC 1 Form

Field Name	Questions	Option Value	Skip/Remark
today	Today		
mon_nam	Monitor Name		
type_mon_org	Select Monitor Type	unicef: UNICEF piramal_swasthya: Piramal Swasthya aiims: AIIMS Patna pmch: SCoE PMCH src: SRC NMCH oth: Other	type_mon_org=other
dom	Date of Monitoring		
district	District	gaya: Gaya Purnea: Purnea	
block	Block Name	amour: Amour amas: Amas	
other_block	Other Block Name		block=other
village	Village Name		
hsc_name	Health Sub centre Name		
asha_name	ASHA Name		
Guidance_Note_HBNC_front_of_the_family	Guidance Note-HBNC & HBYC visit observation should not be with the same ASHA Ask Knowledge related questions separately with ASHA not in front of the family		
note2369	Visit Information		
child_dob	Date of Birth of child		
ch_sex	Sex	male: Male female: Female	
del	Type of Delivery	normal: Normal c_sec: C-Section	

Field Name	Questions	Option Value	Skip/Remark
note2375	Visit Information contd...		
c_bw	Child birth weight	less_2.5: Less than 2.5 kg gr_2.5: Greater than or equal to 2.5 kg	
c_hbnc_vd	Select HBNC visit day	d_1: Day 1 d_3: Day 3 d_7: Day 7 d_14: Day 14 d_21: Day 21 d_28: Day 28 d_42: Day 42	
aww_acc	Is AWW accompanying ASHA for this home visit?	yes: Yes no: No	
note2381	Logistics		
nb_ws	Newborn weighing scale	func: Functional non_f: Non-Functional na: Not Available	
dig_thermo	Digital thermometer	func: Functional non_f: Non-Functional na: Not Available	
dig_watch	Digital watch	func: Functional non_f: Non-Functional na: Not Available	
note2387	Logistics Contd...		
printed_hw_format	Printed home visit format used?	yes: Yes no: No not_aval: Not available	
blank_mcp	Blank MCP cards carried	yes: Yes no: No	
vhir_used	Is she using the VHIR (Village Health Index Register)/ASHA Diary?	yes: Yes no: No	
note2393	Observation on care component of HBNC		
asha_checked	Did ASHA check the following in the newborn	nb_wh: Weight nb_tem: Temperature nb_res: Respiratory rate nb_pus: Pus on umbilicus nb_eye: Eyes nb_uf: Urine frequency (atleast 6 times a day) dnk: None of the above	

Field Name	Questions	Option Value	Skip/Remark
ass_of_bf	Assessment of Breastfeeding by ASHA (observe if ASHA asked or checked on any of the areas listed below)	en_bf_con: Enquiry on whether breastfeeding is continued en_bf_freq: Enquiry on frequency of breastfeeding en_bf_exc: Enquiry on Exclusive breastfeeding? en_bf_chall: Enquiry on any challenges related to breastfeeding en_bf_pos_att: Observation of positioning and attachment ? dnk: None of the above	
note2398	Observation on care component of HBNC contd...		
asha_examined	Did she examine/ask mother for the following -	temp: Temperature fits: Having fits or speaking abnormally foul_dis: Foul discharge bm_less: If mother perceives breastmilk to be less crack_nipp: Cracked nipples/paiful/engorged breast dnk: None of the above	
note2402	Observation on Counselling by ASHA		
asha_checked_001	Did ASHA counsel the mother and family on any of the below areas related to newborn ?	imp_bf: Importance of exclusive breastfeeding imp_bf_freq: Importance of breastfeeding 7-8 times a day (including night time) corr_pos_att: Correct positioning and attachment imp_weight: Importance of weight and regular growth monitoring danger_signs: Danger signs in baby kmc: KMC dnk: Didnt counsel	
ass_of_bf_001	Did ASHA counsel the mother on regular uptake of	ifa: IFA cal: Calcium imp_healthy_diet: Importance of healthy diets during lactation period adq_bf: Adequacy of breastfeeding for infant dnk: Didnt counsel	
note2407	ASHA Knowledge		

Field Name	Questions	Option Value	Skip/Remark
aware_lb	When newborn called as low birth weight (LBW)?	aware: Aware not_aware: Not Aware	
share_lb	Do you share details of LBW cases with AWW?	yes: Yes no: No	
how_know_gw	How do you know the child is not growing well	wt_not_inc: Weight is not increasing child_not_feed: Child is not taking feeds properly child_sick_freq: Child falls sick very frequently dnk: Dont Know	
note2413	ASHA Knowledge contd...		
mon_reg	Why is the regular monitoring of infants weight is important?	inf_feed_well: Tells us if infant is feeding well take_action: Helps us to take timely action & referral overall_health: Helps us in understanding overall health status of child id_risk: Helps us in early identification of risks in infant dnk: Dont Know	
risk_egf	Which infants are at risk of early growth faltering?	lbw: LBW pre_term: Pre term babies sudden_wl: Sudden Weight loss between two consecutive visits dis_sncu: Babies discharged from SNCU inf_illness: Infant with any illness mother_health: Mother related health and mental issues dnk: Dont Know	
note2418	ASHA Knowledge contd...		

Field Name	Questions	Option Value	Skip/Remark
iden_poor_wg	How do you identify poor weight gain in a newborn ?	less_wt_2weeks: If the newborns wt after two weeks is less than birth wt inf_yell_red: Infant is in Yellow/Red zone of growth monitoring chart sudden_wl: Sudden weight loss between two consecutive visits stat_wt: Static weight between two consecutive visits dnk: Dont Know	
action_growth	What action do you take if baby is not growing well ?	ref_chc_phc: Refer to PHC/CHC for further examination & management ref_anm: Refer to ANM ref_nrc: Refer to NRC ass_bf_issues: Assess the breastfeeding issues, counsel and correct it dnk: Dont Know	
note2423	ASHA Knowledge contd...		
pos_corr	Did she know Correct positioning for Breastfeeding?	mot_rel_comfort: Mother relaxed and comfortable mother_sit_st_supported: Mother sit straight and back supported baby_close_mother: Babys body close to mothers body and facing breast baby_neck_body_straigh: babys neck and body straight baby_body_supp: Babys whole body supported dnk: Dont Know	
att_corr	Did she know Correct attachment during Breastfeeding?	baby_chin_touch_breast: babys chin touching the breast baby_mouth_open: Mouth wide and open baby_lower_lip_out: Lower lip turned outward more_arola: More areola is seen above the babys mouth dnk: Dont Know	

Field Name	Questions	Option Value	Skip/Remark
freq_corr	Did she know Correct frequency of Breastfeeding for infant?	yes: Yes no: No	
note2429	Validation & Verification (Ask/Physically verify)		
app_used	Is there any application being used by ASHA to record and report the HBNC visit details?	yes: Yes no: No	
inf_rec_reg	For todays visit all information recorded in HBNC format?	yes: Yes no: No	
vhir_filled	Is ASHAs VHIR (HBNC section) filled?	yes: Yes no: No	ch1=yes
due_con_col_updated	HBNC visits due and conducted columns updated in VHIR?	yes: Yes no: No	ch1=yes
note2436	Validation & Verification (Ask/Physically verify)		
wt_plotted_mcp	Is babys weight plotted in MCP card? (Check in MCP card & verify)	yes: Yes no: No mcp_not_aval: MCP not available	
asha_sub_vouchers	When did ASHA last submitted her HBNC vouchers?		
asha_recd_inc	When did she last receive the incentive payment	less_1m: Within less than 01 month less_3m: Within less than 03 months more_3m: More than 03 months dnk: Dont Know	

Field Name	Questions	Option Value	Skip/Remark
asha_fac_acc	When did ASHA facilitator accompanied you for home visit	within_1m: Within 01 month within_3m: Within last 03 months more_3m: More than 03 months never_acc: Never accompanied for homevisit
